Greenware Deadline: Tuesday, November 19th at 10pm

Work should be placed on the greenware carts by this date to be fired for your last class. This deadline is set so your work can be bisque fired by your last class. Any work placed on the carts after this deadline is not guaranteed to be fired by the last week of classes.

Last Open Studio Day: Sunday, December 8th at 4pm

The school will be closed with no studio access after the last day of the term.

If you are NOT returning for Winter Term, please clear out your cubby by 4pm on Sunday, December 8th.

Bisque and Glaze Firing Schedules

Kilns are fired regularly throughout the term based on the availability of work to be loaded. Bisque kilns are fired multiple times weekly up to the greenware deadline (glaze firings take priority once the greenware deadline has passed). Glaze kilns are loaded and fired once enough work is available to fill a kiln (for both gas and electric). A gas kiln firing schedule is located in the glazeroom. Once work has been fired, it is ready for pick up in the fired workroom located outside of the tech office on the 2nd floor. The turnaround time for work to be fired is approximately two weeks.

End of the Term Pick Up Dates

Fall term pick up dates will be determined at the end of the term and then specific dates and pick up times will be emailed out to students.

Two-Week Pick Up Time for Glaze & Bisqueware

The studio will email students when all the work from Fall term has been fired and we will provide a two-week pick-up window. After that time, any remaining work will be recycled, thrown out or donated. *This deadline applies to all students whether you are returning for the next term or not.* This deadline also applies to the Lost and Found and the needs help shelf.
